A Form Architecture PC, New York, NY

Embracing the philosophy that the success of a project relies on integrating its diverse components, A Form Architecture is geared towards assembling and coordinating specialized group of professionals essential for a projects success. Our specialty of "Architects for Special Events" and "Tensile Structures" places on teams of very unique and talented professionals. Our network of consultants is nationwide and very diverse, thus being uniqueness and foundation of our practice. We embrace the new emerging technologies and translate it into Architectural programs and Design. Please see our web site at www.aformny.com for a complete catalog of our work.

2001 - 2001

FTL Happold, New York, NY

As a Senior Architect at FTL|Happold, an architectural/engineering firm specializing in tensile and special engineered structures, Andrew Formichella managed and coordinated project teams through the marketing, design-development, and project completion phases. Working with and managing professional teams, Andrew's accomplishment include: AT&T Global Olympic Village, *Atlanta, GA*... The VSI Traveling Theater... 1996 Atlanta Olympics *Look of the Games* tensile program... MOMRA Recreational Center, *Saudi Arabia*... Boston Harborlights Music Pavilion, *Boston, MA*... US Military Frame Test, Natick Center, MA... Ringling Brothers Barium and Bailey Circus Traveling Venue, *Sarasota, FL*... Papal Visit to Shea Stadium, *NY*... The Staten Island Overlook, *NY*... Chancery Shade Structure, *Washington, D.C.* ... Health Club Kuwait, *Kuwait*... Calvin Klein's Showroom and Offices, *NY*.

1988 - 1990

Ralph Gilis Architects, New York, NY

As a project architect with RGA, Andrew Formichella designed and managed the construction of large, "high end" corporate interiors. Notably was the interior renovation of Rodgers and Wells International Law firm. The use of computers with Cadd drafting was emerging into the profession of architecture.
